

Secretary Managers Report AGM 29/08/2021

It is with great pleasure to present the Annual Financial report for Club North Haven for 2020/21.

Our Club returned a positive cash flow position of \$1,892,891 whilst reporting a Profit of \$1,038,492.

The past year for our Club has been challenging for all concerned, Board, Management, Staff, Members and Visitors but very rewarding to achieve such a positive result.

Our Club has adapted as best we could to the current climate that all Club's face and we have made decisions based on keeping Club North Haven as viable as is practical whilst maintaining our high standards of service for all who visit our Club.

I would like to personally thank all of Club North Haven's staff during this past year, they are the most loyal and supportive staff that I have ever had the pleasure of working with.

With the continued support from all our members and guests, Club North Haven will continue to prosper into the future. There has been many government and health regulations forced upon us and we have been understanding of all the new rules to survive this current and ever evolving situation.

Club North Haven has set a high standard of safety standards and will continue to review and comply with all health regulations and go above and beyond to have our members and guests feel as safe as possible whilst attending our club.

Our club has been successful in gaining a NSW government grant to cover green three. This will give our Club the benefit of playing bowls in any weather conditions. The addition of lights will allow bowls to be played at any time of the day or night.

Our Club was successful in winning an award at the Clubs NSW 2021 Club's and Community Awards night. Our award was for Drought Relief (million litre water promise). Congratulations to everyone involved in winning this award.

Our Club has and will continue to support all our local sporting clubs including Camden Haven Junior League, Men's and Ladies Bowls, Darts, Snooker, North Haven Golf Club, Travelling Bowlers, Fishing Club and Pigeon Club.

I would like to thank Chairman Terry and the Board, and all of our great Staff at Club North Haven for their efforts throughout the year and for the wonderful job they do looking after all of our members and visitors –Well Done.

Also to our Members and visitor's a very big thank you for your support. We need your continued support, your patronage and loyalty throughout the year for our club to continue to grow into the future.

Peter Negus
Secretary Manager
